# Welcome Address

Dear friends and colleagues,

welcome back again to Milan, San Raffaele Scientific Institute for the **16th edition of EURO-EUS**.

This year, after the fantastic success of the previous editions , the Executive Board has chosen to continue in the process of defining the indications of EUS in clinical practice and finding consensus on debated topics.

This year **Pancreatic inflammation and rare focal lesions** diagnosis, treatment and follow up will be strongly presented and discussed by some of the most important experts on the field worldwide and we will try to reach to a consensus on the best management of these diseases

Furthermore you will be extensively exposed to live cases transmitted from the Pancreato-Biliary Endoscopy and Endosonography Division of the Pancreas Translational and Clinical Research Center, from the **Florida Center of Interventional Endoscopy** and the **Asian Institute of Gastroenterology**, two of the most renowned Endoscopy Centers all over the world.

EURO-EUS Faculty will perform all the different diagnostic and therapeutic endoscopic and EUS procedures indicated in pancreatobiliary diseases. Like during the past edition, we have scheduled an **HANDS-ON TRAINING PROGRAM** that, following the sold out session organized last year, has been divided in two sessions covering the whole day, allowing to a higher selected number of participants to improve their EUS skills under the supervision of a Team of Trainers.

So welcome again and let's have a great EURO-EUS 2019!!!

Erwin Santo, Julio Iglesias Garcia, Paolo Giorgio Arcidiacono
